Help for Old Folks

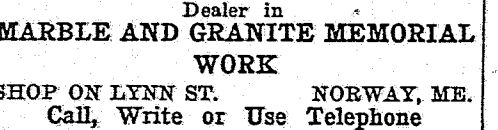

Old Age Should Be Happy—Not a Time of Sickness and Suffering

Too many people begin to suffer at middle age with constant backache, urinary ills and rheumatic pains and aches. Weak kidneys are usually the cause, and, if neglected, there is danger of hardened arteries, dropsy, gravel or Bright's Disease. Help your weakened kidneys with a stimulant diuretic before kidney disease gets a firm hold! Use Doan's Pills. Thousands of old folks recommend Doan's.

Here is Norway proof:

Mrs. Luella Pennock, 3 Summer St., says: "I had some trouble with my kidneys and my back began to ache steadily. A dull, bearing down pain kept up for days at a time and made me feel tired and worn out. My kidneys were weak and acted too often and I also had headaches. I began using Doan's Pills and four boxes rid me of the trouble."

CROSS-WORD PUZZLE 37

HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "Horizontal" defines a word which will fill all the white spaces up to the first black square to the right, and a number under the "Vertical" defines a word which will fill all the white squares to the next black one below. No letters go in the black spaces. All words are in dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

BRIDGTON

Mrs. Abbie Woodbury
Mrs. Abbie Woodbury, Bridgton's oldest female resident, passed away, Saturday, August 15, at the home of Mrs. William Lombard, on High street, where she had resided several years.

Mrs. Woodbury, who was 92 years old, at the time of her death, was a native of Bridgton and had always lived here. A young woman she was married to Jonah Woodbury, of Bridgton, whose death occurred some 15 years ago. For 52 years she was a member of the local Congregational church, and was, while her health permitted, an active member.

General services were conducted from her late residence, Monday afternoon, her pastor, William A. Richmond, officiating, and interment was in the family lot in the High Street Cemetery. She is survived by no immediate relatives.

Miss Gertrude Whitcomb, of the Smiley-Hanson Co., is taking her annual vacation. Last week she spent with friends at Framingham, Mass.

Mrs. Lola Earle, of Washington, D. C., is spending the summer, with Mrs. Grace Cook Richardson.

Charles Potter celebrated his 78th birthday, Tuesday evening, August 18, by entertaining his comrades of the Farragut Post, and a few friends at the Grand Depot, on Depot street. A delicious supper of salads, rolls, and coffee was served at 6, by Mrs. Potter, assisted by her daughter, Mrs. Christian Jensen, after which a pleasant social evening was spent with cards and talking over war time experiences. Twenty-one guests were present.

The record breaking day at Bridgton Fair as to attendance was Wednesday, when some four thousand tickets were sold at the gate.

Miss Grace Richardson, a former teacher at Bridgton High School, now teaching at Englewood, N. J. was a recent visitor in town calling on friends.

Miss Eva Howard, who for some seven weeks, has been seriously ill, at the home of her sister, Mrs. J. P. Libby, on Portland St., is now improving.

The Rev. M. C. Swigart of Philadelphia, Pa., preached at the Methodist Church, Sunday morning. At the Congregational church, Rev. H. Clinton Hay, of Boston, preached in the morning, and the Open Forum, was led by H. S. Miller, of New York. There was special music at both churches.

Mrs. Ella Burnham is taking a motor trip to Quebec, in company with Mr. and Mrs. E. O. Barbet, of Newton, Mass., who are spending the summer at their cottage at the Ferns.

Arthur C. Shorey, of New York is spending his annual vacation with Mrs. Shorey and their three children at their summer home on South High street. Tourists are very much pleased with Bridgton's Free Camping ground on Portland street, and they are enjoying it to be the best they have found in a wide experience.

This Firestone record could only have been made through furnishing the public with outstanding values and is, consequently, your assurance of quality and lowest prices.

If you would like to know more of this wonderful record, ask your Firestone dealer to send you an illustrated folder.

With today's high cost of crude rubber and other raw materials, Firestone's opportunity to serve the public was never better, due to its great volume and special advantages in buying, manufacturing and distribution.

SUMMER

Lightning Strikes at Libby's
A heavy thunder shower visited Sum-
mer, Wednesday evening, the 19th, and
John Libby's house seemed to be the
leading feature in its path, as will be
seen by the following: Its first move
was to strike the chimney and tear it
down, and down the roof to the tele-
phone line and completely demolishing
the whole outfit, breaking twenty-six
panes of glass. Mr. Libby returned
from work late and was eating his sup-
per, while Mrs. Libby was sitting at the
opposite side of the table, reading. It
knocked the chair from under Mr. Lib-
by, not injuring him in the least, it
threw Mrs. Libby from her chair and
stunned her for some little time, some
of the dishes on the table were broken,
three of the casters from the table
legs, overturned another table in the
room, also tipped over a stand and broke
one leg from it, disconnected the stove
pipe and threw it to one side, also the
water tank was thrown to the floor.
There was one door torn from its hinges,
several boards ripped from the floor and
two sills broken. While Raymond Ed-
monds was sleeping in the other part of
the house, he was thrown out of bed,
the thimble was removed from the chin-
ney, paper torn from different places in
the room, a piece of window casing was
chipped out and one mop board cracked.
There were sixty people visited the scene
the following day.

No doubt there are many people who
will read this little item that I have
written in my humble way, who at the
present time are located far from here,
old town, who possibly do not know where
Mr. Libby is living, and for the benefit
of those I will say that he lives on what
is called Field Hill and on what is known
as the Alvin Robinson farm.

George Foster and Mrs. Evis Varney
were recent callers at Mr. and Mrs. C. B.
Tuttle's.

C. L. Morrell was a supper guest at
C. B. Tuttle's Monday.
The work that Charles Tuttle and a
son of Mr. Brooks, the real estate agent,
are doing upon the buildings of the for-
mer Martin farm, is showing up very plain-
ly. We understand that Mr. Brooks is
to have extensive repairs made upon the
whole set of buildings, it being rumored
that he will keep it as long as his
money lasts, and if so, we will know the
place will look very attractive to the
passerby when Messrs Tuttle and Brooks
have completed the job. Many who read
these columns will recall the time this
place was run under the Dyer cover-
old place was run under the Dyer cover-
ship, when the large barn was so heavily
stocked with Durham and Hereford cat-
tle ranging in size from eight foot oxen
down to day old calves, that you could
not shut the door, while just across the
street was the horse barn, also full to its
utmost capacity, including draft horses
to do the farm work, and a number of
drivers that could go down the street in
company. The Dyers, George and his
two sons, Julian and Linn, liked good
horses, and they certainly always had
quite a number on hand. They also sold
quite a number of popular prices that
went to different places and made good
for their owners.

ford Abbott, Norman Bissbee and Arlan

The measure of Power

The measure of power of any car
is dependent largely on the quality
of its lubrication. Poor oil of a poor
"body" breaks down at high tem-
peratures. It cannot seal the piston
rings efficiently and thus allow the
maximum power to be developed.

S. O. CO. N. Y.

The measure of power as well as the measure
of long life for your motor depends absolutely
upon using the most efficient fuel and oil.

There are none better than the famous Socony
Gasoline and the Socony Motor Oil. Used in
combination, they give and conserve power
with a minimum of wear and tear on the motor.
Insist upon Socony Motor Oil* and Socony
Gasoline; resist cheap and spurious imitations.

SICK WOMEN ATTENTION!

Read this Remarkable Testimony Regarding Results from Taking Lydia E. Pinkham's Vegetable Compound

Norfolk, Virginia.—"If you only knew how many women and girls have taken your medicine by hearing my testimony, it would seem wonderful to you. Every day and every night I have been able to do my work and feel well. It was in June, 1904, when I had given up to never get well, that I wrote to you. My husband went to the doctor and brought home a bottle of your medicine. I took it and in a few days I began to improve and in a few days I was able to do my work. I am now a healthy woman. I wish I could tell the world what a wonderful medicine Lydia E. Pinkham's Vegetable Compound is. I will be only too glad to answer letters from anywhere. I wish all sick women would take it."—Mrs. J. A. Jones, 811 Colley Avenue, Norfolk, Virginia.

Located in New Quarters
S. T. White has moved into new quarters and will now be found in the E. L. Cummings block doing business and serving the public as before.
The old building on the corner is being torn down, the general contract being let to Emil Dione of Lewiston. As the older generation watch the process of destruction of the oldest store building in this part of the town, they indulge in reminiscing of its history. It was built by Francis Young about three quarters of a century ago and was used by him for general merchandise, also tailoring occupied a part of it. Later J. D. Curtis and Davis Curtis, then Howard C. Lane in turn kept a general merchandise store, also Steven Curtis and his wife who was later Mrs. A. B. Buckingham, who being a registered druggist, opened a line of drugs, while her son, Clarence, kept it for a while, then Mr. Buckingham joined them. S. T. White bought her stock of drugs for \$300, early in the year 1898. A new front with large windows was put in for him, which is practically all the repairs, except for little outside care since that time. In the wing on the east, several men in succession have kept a meat market, Eugene Haines and son, Raymond, are the last. They have moved into a small shop at the rear of the Dunham block, which has been occupied by F. H. Hill, barber, and Mr. Hill has moved his barber furnishings into Walter Penick's office in the same building on Main street. It is understood that the stock company or syndicate are to put up a nice new block, with every thing modern, on the old site.

Maine has been visited this summer by vast numbers of tourists and campers from all over the United States. The highways have been flooded with cars from everywhere, which is just what has pleased the people of Maine. Many people from Florida have visited us, many for the first time, who declare that Maine is the place to spend the summer and say Maine people have much to advertise and much to boast of.

Nothing is more miserable than obstinacy that realizes it is being ignored.
